Brown Bag Breakfast Event - The New EIA Directive, One Year till Lift Off

@RTPI_LONDON
@Temple_Group
#EIA

The session will update on the latest progress of the proposed changes to the EIA regime. It looks at the 'in theory' and 'in practice' implications for Local Authorities; implications of recent changes to the NPPF, Housing and Planning Act (including PiP). It will finish with suggestions on how LPA's should be preparing for the changes as well as an opportunity for discussion and feedback.

Cost –The event is free, and open to all RTPI members. Breakfast will be provided.

Speakers:

Peter Cole, Associate Director at Temple Group, will be speaking about the potential practical implications upon Local Authorities, including providing a run-down of what is changing, with a particular focus upon application and response timescales, as well as Council resources.

Iain Gilbey (Partner and Head of Planning at Pinsent Masons LLP) and James Lockerbie (Senior Associate, Planning at Pinsent Masons LLP), will be considering the updated EIA Directive in light of changes to the NPPF, as well as providing a case law update.

To book please email: marketing@templegroup.co.uk
(Stating your name, job title and also the name of the event.)
